

The El Segundo Public Library Presents....

The Carnegie Libraries of California

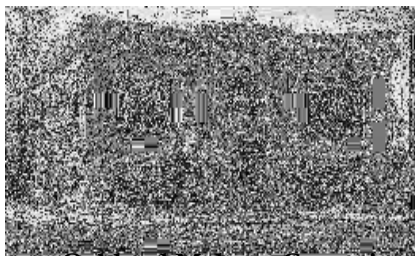

With Pat & Bernie Skehan

Riverside Carnegie

Hollywood Carnegie

Oakland Melrose Carnegie

Join us for a slide show and discussion of the Carnegie Libraries of California with Pat and Bernie Skehan. The Skehans have researched and documented these historic libraries throughout California.

Between 1886 and 1919, Andrew Carnegie's grants funded 1,679 new public library buildings in communities across the United States, of which 142 were in California. The libraries were built throughout the state from Alturas in the north to Calexico in the south. Many of these precious landmarks remain, but many others have been lost. All will be remembered through the dedication of Pat and Bernie Skehan.
