ACTIVITY INFORMATION

The Government Buildings Division is responsible for the maintenance and repair of forty-three City buildings including City Hall, Fire Station No. 1 and 2, Police Station, Library, Maintenance Facility, Water Plant and Park Buildings. The Division also provides custodial service for the City Hall, Police Station and Fire Station No. 1, Library, Water Plant, Maintenance Facility and other City facilities as requested.

Funds in this budget are for all ongoing service contracts as well as scheduled maintenance and emergency repairs.

Accomplishments During FY 2012/2013:

- Provided labor, materials, and support as required for City facilities.
- Administer the Facility Maintenance Program and completed several refurbishments/repairs throughout City facilities including painting, roof repair, lavatory refurbishment and upgrades to the HVAC systems at City Hall and the Library. Administer Underground Storage modification and testing to meet requirements for AQMD, ARB, WQB and EPA.
- Managed and administered online work requests.
- Responded to safety issues and after hour emergency calls.

 Provided technical and electrical support for City special Events including Farmer's Market, Christmas Tree Lighting and Halloween Frolic.

Goals and Objectives for FY 2013/2014:

- Provide project inspection, supervision and support as required for City facilities.
- Continue to explore and implement energy and water conservation options, address earthquake, asbestos and lead hazards in all City building structures.
- Continue the process the computerized preventative maintenance through the Facilities Maintenance Software Program.
- Continue implementation of projects identified in the Facility Maintenance Fund.
- Maintain and monitor fire, burglar and duress alarms in all City facilities.
- Upgrade and maintain buildings, and lighting and utilities throughout the City.
- Continue to complete all safety related items identified in the Annual Building Safety Inspection Report.
- Complete all work orders and respond to emergency calls during and after normal working hours.

ACTIVITY DETAIL

The Engineering Division is headed by the Director of Public Works/City Engineer. The Division oversees and participates in:

- Public and private improvements in the public rightof-way;
- The development and implementation of the Capital Improvement Program addressing City streets, the sanitary sewer system, storm drains, water system facilities, traffic signals, and park and recreational facilities;
- State, County and City of Los Angeles highway construction projects within and adjacent to the City limits;
- Review and inspection of private work in the public right of way; and
- Maintenance and upgrades to public infrastructure.

The Division also provides services for traffic issues, monitors the street lighting system maintained by Southern California Edison, keeps and maintains record drawings of City-owned infrastructure, conducts traffic committee meetings with the Police Department, and provides engineering support to other City Departments and other Divisions within the Public Works Department.

Accomplishments during FY 2012/2013

- Promoted environmentally conscious innovations in infrastructure design and construction.
- Coordinated Public Works Department efforts with other Local, Regional, State and Federal agencies.
- Continued a major conversion project of "hard copy" infrastructure maps to digital files.
- Improved the distribution of information and services through web-based tools.
- Initiated reconstruction of the Public Works web page for easier navigation and use.

- Issued permits and reviewed plans for development projects.
- Provided customer support both over the counter and via phone for all public right-of-way questions, including traffic related issues.
- Responded to all inquiries for traffic calming.
- Responded to emergencies and other unplanned work.
- Joined forces with other cities to create an Enhanced Watershed Management Program
- Re-evaluated and updated the Citywide Pavement Management Index.
- Coordinated with major, private property, construction projects impacting the public right-of-way: Plaza El Segundo, Boeing Company, Northrop Grumman, Los Angeles Air Force Base, West Basin and City of Los Angeles, Metro LA, and Cal Trans.
- Transferred mylar and vellum plans to new protective EZ-file cabinets.
- Administered efforts of the Traffic Committee, Hyperion Committee, Environmental Committee, and Capital Improvement Program Advisory Committee.
- Completed oversight of NRG West Basin recycled water line
- Completed oversight of Chevron Coker Drum Move
- Oversight of major, private property construction projects impacting the public right-of-way:
 - a. Plaza El Segundo Development.
 - b. In N Out Burger Restaurant Development.
- Completed the following major capital improvement projects this year
 - a. Maryland Street Improvements Project.
 - b. Annual Sewer Improvements Project.

PUBLIC WORKS

- c. Construction of new telemetry building and relocation of existing equipment.
- d. Resurfacing of Aviation Boulevard through a cooperation agreement with the County of Los Angeles to achieve a uniform improvement on Aviation.
- e. Completed the bid of the Fiber Optics Phase II Project and transferred project to Information Services for construction oversight.
- f. Completed the design and extension of Storm Drain system on Mariposa Avenue to capture Maryland Street storm water runoff.
- g. Completed 24-inch waterline improvements at Pressure Reducing Station.
- h. City of El Segundo Beach Facility and Lifeguard Station.
- i. Boeing Easement relinquishment
- Completed the design of the Maple Avenue Street Improvements Project.
- k. Completed presentations on the Annual Slurry Seal Project and Telemetry Building Project.
- Initiated the following major capital improvements this year:
 - a. Feasibility study for placement of a new water reservoir facility.
 - b. Five-year Custodial Services Contract
 - c. Five-year Elevator Maintenance Contract
 - d. Preliminary layout of Fiber Optics Phase III project
 - e. Construction and upgrade of sewer pump station #1 and abandonment of pump station #7.
 - f. Design of Lifeguard Station sewer force main.
 - g. Restoration of the Elevated Water Tank.
 - h. City Hall Roof Repairs Project
 - i. Park Vista Roof Repairs Project
 - j. Soccer Netting Project
 - k. Temporary Custodial Services Contract
 - 1. Mariposa Storm Drain Project
 - m. Maple Avenue Street Improvements Project
 - n. Building Safety Plancheck Process Revision
 - o. PW Plancheck Process Implementation
 - p. Encroachment Permit Process Revision
 - q. Substructure Map Update Process Implementation
 - r. Insurance Requirements Update
 - s. Reduction of paper documents in office
 - t. Newsrack Inventory and Permit Updates
 - u. Public Works Department Employee Wall Chart
 - v. CDBG ADA Ramp Project
 - w. Old Town Music Hall Sidewalk Repairs
 - x. Five-year On-Call Services Project
 - y. HVAC Maintenance Contract
 - z. Seismic Retrofit Project
 - aa. Police Department Plumbing Project
 - bb. Fire Station 1 Kitchen Improvements
 - cc. Design of FY 2013/14 Annual Slurry Seal Project
 - dd. Design of FY 2013/14 Sidewalk, Curb and Gutter Project

- ee. Design of FY 2013/14 Sewer Improvements Project
- ff. Design of water main replacements
- gg. Venturi Meter Project
- hh. AMR Water Meter Project

Goals and Objectives for FY 2013/2014

- Continue to oversee/implement capital projects initiated in FY 2012/2013.
- Design and construct additional water and sewer main replacements.
- Coordinate and provide information to the general public, developers, contractors, utility companies and other public agencies.
- Seek grants to fund the development of environmentally conscious projects.
- Completion and close-out of contract for the installation of conduit for future I-net connection.
- Completion of Maryland Street Improvements
- Re-evaluate and update the Citywide Pavement Management Index.
- Initiate and/or complete Capital Improvement Program projects adopted for FY 2011/12
- Seek grants to fund the development of environmentally conscious projects.
- Coordinate with other agencies to ensure that the City's concerns are addressed.
- Improve the Public Works web page for easier navigation, online applications and use.
- Continue to provide engineering and public works support to residents, businesses and other departments within the City.
- Continue to represent the department and City at local and regional meetings and events.
- Continue to streamline processes within engineering, including conversion of map files to digital, website maintenance and navigation and coordination with private property permitting.
- Design and construct additional water and sewer main replacements.
- Complete the Elevated Tank Restoration project.
- Complete construction and upgrade of sewer pump station #1 and abandonment of pump station #7.
- Complete construction of Lifeguard sewer force main.
- Continue to oversee major, private property, construction projects impacting the public right-ofway:
 - a. Plaza El Segundo Development.
 - b. In N Out Burger Restaurant Development.
- Registration of eligible staff for the Professional Engineer exams
- Improve Division communication to the other City divisions, departments, and to the public.
- Eliminate the backlog of the addition of as-built information to substructure maps.

ACTIVITY INFORMATION

The Street Services Division is responsible for the administration of the street sweeping contract and providing personnel and equipment to transport debris generated by City Departments to a transfer station.

Accomplishments During FY 2012/2013:

- Administered the street sweeping contract for residential streets and alleys, the Downtown Commercial Zone and the remaining commercial and industrial areas.
- Continued coordination with the street sweeping contractor in order to achieve same-day response to resident complaints.
- Administered contract to dispose of sweeper and internally generated debris to a local landfill.
- Recycled concrete and asphalt generated from curb, sidewalk and pavement rehabilitation projects.
- Recycled residential and municipal green waste.

Goals and Objectives for FY 2013/2014:

- Administer contract with vendor to sweep streets in residential, commercial and industrial streets and alleys.
- Sweep eight (8) City parking lots weekly.
- Administer contract to dispose of sweeper and internally generated debris.
- Administer contract to recycle concrete and asphalt generated from curb, sidewalk and pavement rehabilitation projects
- Recycle residential and municipal green waste.
- Conduct biannual spring/fall City Residential Cleanup events.
- Continue to improve coordination with the street sweeping contractor in order to maintain same-day response to resident complaints.

ACTIVITY INFORMATION

The Street Maintenance Division is responsible for the repair of streets and alleys and weed abatement in the street right-of-way and on private property inspected by the Fire Department. The Street Maintenance Division also repairs and/or replacement of curb and concrete sidewalks as well as asphalt road surfaces; cleans spills of various materials, except hazardous waste, in the public right-of-way; and responds to emergencies with lighted barricades and signs. The Division shares responsibility with the Engineering Division for Public Works permit inspections.

Accomplishments During FY 2012/2013:

- Replaced or repaired approximately 23,000 square feet of asphalt pavement in preparation for the Slurry Seal project as well as general repairs throughout the City.
- Prepared the southeast quadrant of the City in preparation for slurry seal.
- Replaced defective sidewalk and curbing, via contract, with the annual replacement program. Maintained an ongoing list for future repairs throughout the City for the Curb and Sidewalk Replacement Program. This list is developed from resident's complaints and staff recommendations.

- All complaints were responded to by an inspection within 24 hours (except on weekends) and will be assessed and possibly included in the annual replacement program. Where necessary, hazards were ground down or asphalt was placed on the affected area within five days.
- Removed weeds from Sepulveda Boulevard, Downtown streets and all designated areas on an ongoing basis.
- Removed graffiti in accordance with the City's Graffiti Removal Program for facilities in the public right-of-way and on City buildings, except Parks Department facilities, within 24 hours of notification. (The Parks Department has its own program).
- Painted traffic lines, legends and curbs.
- Repaired and replaced signs as needed.
- Inspected and performed day to day administration of newsracks. Coordinated the installation of uniform newsracks in the Downtown Commercial Zone.
- Performed Public Work permit inspections.
- Performed Public Works inspections.

Goals and Objectives for FY 2013/2014:

- Replace or repair 25,000 square feet of asphalt pavement throughout the City in preparation of the annual Slurry Seal Maintenance project.
- Remove weeds from Sepulveda Boulevard, Downtown streets and sidewalks, and other designated areas including private properties inspected by the Fire Department due to noncompliance with the Trash/Weed Abatement Program.
- Maintain a list of curb and sidewalk complaints from residents and staff. Repairs will be made under contract. Administer the concrete replacement contract and inspect the work performed.
- Prepare the northeast quadrant of the residential community for slurry seal.

PUBLIC WORKS

- Remove graffiti in accordance with the City's Graffiti
 Removal Program for facilities in the public right-ofway and on City buildings, except Parks Department
 facilities, within 24 hours of notification. (The Parks
 Department has its own program). Contact private
 property owners when graffiti is present on their
 property and request that it is removed as soon as
 possible.
- Repair and replace city owned signs and post.
- Paint traffic lines, curbs and legends as needed.
- Hang and take down banners.

ACTIVITY INFORMATION

The Traffic Safety Division is responsible for street lighting through a contract with Southern California Edison Company and traffic signal maintenance through a contract with Los Angeles County. With in-house crews and by private contractors, the Division is responsible for painting traffic lines and legends, crosswalks, parking stalls, curbs and curb signs; maintenance and installation of street signs; posting of temporary signs for community events; installation of community banners; and abatement of graffiti on public property.

Accomplishments During FY 2012/2013:

- Provided street lighting through a contract with the Edison Company.
- Maintained City-owned traffic signals through a contract with Los Angeles County
- Painted curbs, traffic legends, parking stalls, and crosswalks.
- Replaced or repaired faded or damaged street signs. Installed new signs.

- Provided services and installed banners at all City functions.
- Installed Christmas decorations and maintained downtown American flags.
- Conducted a street light outage survey to assure adequate street lighting.
- Removed graffiti from public surfaces.

Goals and Objectives for FY 2013/2014:

- Continue to provide street lighting and traffic signal maintenance through contract with the Edison Company and Los Angeles County respectively.
- Paint 10,000 linear feet of curbs, 100 traffic legends, 250 parking stalls, and 50 crosswalks.
- Replace and repair 700 faded or damaged street signs.
- Remove graffiti in the public right-of-way within 24 hours.
- Install banners as requested.
- Install Christmas decorations and maintain downtown American flags.
- Provide posting and barricades for special events.

TOTAL EXPENDITURES	593,778	473,316	543,600	498,400	546,100

ACTIVITY INFORMATION

The Solid Waste Recycling Services Division is responsible for administering the City's refuse collection contract for single-and multi-family residential customers and Cityowned facilities, administering the City's Source Reduction and Recycling (SRRE) Program, and providing technical assistance and outreach to increase awareness of waste reduction and recycling.

In June 1991, the City adopted its source Reduction and Recycling Element for the City General Plan in accordance with the Solid Waste Management Act of 1989 (AB 939). Under AB 939, all communities in the State were required to reduce the solid waste stream going to landfills by 50 percent by the year 2000. El Segundo continues to exceed these goals each year...

Accomplishments During FY 2012/2013:

- Implemented and monitored the City's Source Reduction and Recycling Program.
- Coordinated two Clean-Up Weeks and the Christmas Tree Recycling Program
- Administered the solid waste and recycling contract for approximately 4,000 residential customers, various City facilities, solid waste street containers, and the City's recycling drop-off center.
- Provided residents and businesses with information regarding recycling and household hazardous waste disposal via local newspapers, the Inside El Segundo,

- brochures and flyers, the City Internet, and local City events.
- Continued to implement energy conservation programs for city facilities and employees utilizing a grant from Southern California Edison.
- Secured a new waste hauling services contract for residents and municipal facilities.

Goals and Objectives for FY 2013/2014:

- Continue efforts to provide technical assistance and outreach to increase awareness of waste reduction and recycling communitywide.
- Implement and monitor the City's Source Reduction and Recycling Program and file the 2013 Annual Report.
- Coordinate two Clean-Up Weeks, Christmas Tree Recycling Program.
- Continue to administer the new City refuse and recycling contract.
- Implement California Energy Commission and Southern California Edison energy efficiency grant projects.
- Participate in events and workshops regarding energy conservation, including whole house energy savings programs.

TOTAL EXPENDITURES	177,370	180,908	232,900	232,300	447,900

ACTIVITY INFORMATION

The Storm Drain Division is responsible for operating and maintaining the Storm Water collection system, including catch basins, drainage basins, pumping stations and force mains. There are four pump stations, plus numerous catch basins connected to approximately 12 miles of storm drain mains owned by the City. Additionally, there are 11 miles of storm drains, one large pump station on Center Street and a pump station at Standard Street and El Segundo Boulevard, which is owned, operated and maintained by the Los Angeles County Public Works Department.

Personnel in the Wastewater Division devote at least 20% of their time doing preventive maintenance repairs and functional checks as needed. Each pump station is functionally checked at least once a week

The National Pollution Discharge Elimination System (NPDES) and the City's Program as a Co-Permittee under the Storm Water Permit have been reviewed in detail. Required Best Management Practices (BMPs) and programs are in place.

Maintenance Workers, Leadworkers and Supervisors respond to emergency service and rain detail calls 24 hours per day. Wastewater and Water Supervisors oversee the rain detail crews.

Accomplishments During FY 2012/2013

- Cleaned and inspected 350 City-owned catch basins and cleaned, maintained and repaired all pump stations and fore bays as needed.
- Continued compliance with the NPDES Storm Water Permit and participation in Co-Permittee activities.
- Produced the annual NPDES report for the Regional Water Quality Control Board.
- Participated in the renewal process for the new NPDES permit.
- Worked with other Cities and agencies as part of the new TMDL requirements in the reduction of bacteria along the Santa Monica Bay Beaches.
- Provided emergency service and rain detail.
- Achieved year-round zero discharge of storm water and urban runoff flows from pump station 18.

Goals and Objectives for FY 2013/2014:

- Continue to maintain the Storm Drain system; including cleaning and inspecting all City-owned catch basins, and continuing weekly street sweeping activities.
- Clean, maintain and repair pump stations and fore bays as needed.

- Comply with new NPDES Storm water Permit regulation
- Inspect key facilities identified in the Permit, including restaurants, retail gasoline outlets, and automotive repair shops for compliance with NPDES permit requirements.
- Produce the annual NPDES report for the Regional Water Quality Control Board.
- Continue working with other Cities and agencies in meeting the new TMDL requirements and Enhanced Watershed Management Plans.
- Provide emergency rain detail services.

ACTIVITY INFORMATION

The Equipment Maintenance Division is responsible for maintaining both motorized and portable equipment (405 units) for 21 Departments and Divisions including Fire, Police, Parks, Water, Wastewater, Streets, Public Transportation, Motor Pool and the City Golf Course. The Division is also responsible for the conversion of new Police and Fire Department equipment.

The Equipment Maintenance Division administers the equipment replacement and vehicle operating budgets. This includes evaluation of equipment for replacement, preparation of specifications necessary for the acquisition of equipment, and the disposal of vehicles and equipment to be sold at auction.

Other responsibilities include: the annual Department of Transportation Smog Program audit; annual California Highway Patrol inspections; the annual CAL-OSHA crane inspection; and the operation, maintenance and repair of equipment including fuel storage, monitoring systems and the carwash bay.

Accomplishments During FY 2012/2013:

- Performed 700 preventative maintenance services, 60 smog checks, and 3000 general repairs.
- Administered the fleet management program and operations including managing vehicle and equipment

- repair documents, fleet inventory reports, due for service reports and gas card requests.
- Implemented a graphics module for the fleet management program.
- Coordinated conversion of new Police and K9 units and converted/transferred old Police units to other Departments for reassignment. Replace and convert 10 new patrol cars. Continue to replace vehicles as needed.

Goals and Objectives FY 2013/2014:

- Continue to administer fleet operations and replace equipment via the most cost-effective means.
- Continue to upgrade the fleet management program on an as-needed basis.
- Perform 700 preventive maintenance services for City equipment.
- Perform 60+ emission inspections and/or repairs.
- Upgrade diesel equipment to be compliant with new CARB regulations for emission standards.
- Continue to provide service and repair for all City equipment with reduced staff and budget.
- Mechanics will be ASE Certified, 2 already have the there MASTER MECHANIC certification.

ACTIVITY INFORMATION

Mission Statement:

The mission of the Public Works Department is to provide and maintain the highest quality public works services and facilities to residents and businesses in the City of El Segundo. Public Works staff is committed to providing reliable and responsive services to the community in a safe, respectful, and cost-effective manner. Each employee is accountable for providing professional services that are in the best interests of the City of El Segundo.

The Administration Division provides administrative direction for the Public Works Department. The primary responsibility of the Division is to ensure that the Department provides the best service to residents and businesses in the City. This Division represents the City in dealing with other agencies and organizations and in overseeing high profile projects. It also provides technical support to other City Departments, City Management and the City Council.

Accomplishments during FY 2012/2013:

 Directed the management and operations of Public Works Engineering, Water, Streets and General

- Services Divisions, including sewer and storm drain activities, building maintenance and vehicle maintenance.
- Directed the completion of major capital improvement projects as identified in the annual Capital Improvements Project list.
- Directed the management of contracts for trash hauling, traffic signal maintenance, street lighting and street sweeping.
- Managed NPDES, TMDL and WDR compliance activities. Initiated new compliance activities for the new NPDES Storm Water permit.
- Launched a program to install recycling cans in the downtown area of El Segundo.
- Eliminated storm water discharges from Pump Station 18 to the Dominguez Channel.
- Represented Public Works at city and community events as well as various committees and meetings.
- Provided technical support to the City Council, City Manager and other City Departments.
- Completed the El Segundo Beach Bathroom facility and other CIP projects.
- Initiated various CIP projects (Streets, Water, Parks facilities), Fire Department, and Police Department.

PUBLIC WORKS

- Completed grant administration for a Southern California Edison Energy Efficiency grant.
- Received a Southern California Edison grant for additional energy conservation activities.
- Provided technical support to the City Council, City Manager and other City Departments.

Goals and Objectives for FY 2013/2014:

- Manage major, municipal construction projects such as sewer and water main infrastructure replacements and other approved Capital Improvement Projects.
- Continue to provide technical support and services to the City Council, City Manager and other City Departments.

- Continue to ensure full compliance with NPDES, TMDL and WDR regulations.
- Continue to investigate more cost-effective ways to manage and improve the City's infrastructure, including identification of grant funding opportunities.
- Continue to investigate ways to reduce energy consumption/costs and promote environmentally conscious programs and policies.
- Continue to oversee the departments grant programs and projects
- Continue to represent Public Works at city and community events, as well as at various committees and meetings.

ACTIVITY INFORMATION

The State Gas Tax Fund is a Special Revenue Fund of the City of El Segundo that is used to account for the receipt and expenditure of state gas tax revenues in accordance with the provisions of the State of California Streets and Highway Code. These monies are restricted as to use and can only be expended for projects that build, repair and/or maintain highways, streets, bikeways or sidewalks. The majority of these monies (55%) are used by the City of El Segundo for capital improvement

projects that meet the above restrictions. A very small portion of these funds (.2%) is used to pay for preparation and filing of the Annual Street Report to the State Controller, and approximately 45% is used for street maintenance. These operating costs are included in this operating budget, whereas the capital improvement projects are budgeted as part of the City's capital improvement budget.
