Address: 423 and 427 East Grand Avenue
Applicant: Beach City Baseball Academy
Property Owner: Beach City Baseball Academy

Project Summary

The proposed project involves three properties located at 423, 427 and 430 East Grand Avenue. The Director of Planning and Building Safety recently approved Environmental Assessment (EA) 954 and Parking Demand Study (PDS) 12-02 to establish a parking requirement for the baseball academy use. The Director determined that 14 spaces are required to serve the properties. The Director of Planning and Building Safety required as

a condition of approval of EA 954 and PDS 12-02, that an off-site parking covenant be recorded to provide the ten (10) off-site parking spaces at 423 and 427 East Grand Avenue. All 14 parking spaces (off-site and on-site) will be used by the BCBA at 430 East Grand Avenue and by the practice field at 423 and 427 East Grand Avenue. Pursuant to ESMC § 15-15-3(H) the Planning Commission must review all off-site parking covenants for more than 20 parking spaces or more than 20 percent of the required number parking spaces.

The project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to 14 California Code of Regulations §§15301, 15303, 15304, and 15311 as a Class 1 categorical exemption (Existing Facilities), a Class 3 categorical exemption (New Construction of Small Structures), a Class 4 categorical exemption (Minor Alternations to Land), and a Class 11 categorical exemption (Accessory Structures). The project involves the construction of a small parking lot with a retaining wall. An off-site parking covenant reserving parking spaces on two properties owned by BCBA for BCBA use will be required to be recorded to include both the existing parking spaces and the new parking spaces being constructed in the parking lot. The subject site is surrounded by commercial and non-conforming multi-family residential uses and it is located in an urbanized area that is not environmentally sensitive. Therefore, the project is not anticipated to have any significant environmental impacts.

ACTION: Planning Commission to receive and file Environmental Assessment EA-954 and Off-site Parking Covenant MISC No. 11-09. Approved (4-0).

3. Environmental Assessment No. EA-959, General Plan Amendment GPA 12-01, Specific Plan Amendment SPA 12-01, Zone Change ZC 12-01, Zone Text Amendment ZTA 12-01, Development Agreement DA 12-01, Subdivision SUB 12-02, and Site Plan Review No. SPR 12-01

Address: 222 Kansas Street

Applicant: Mar Ventures, Inc. – William Messori

Property Owner: SMPO, LLC – Steve Williams

Project Summary

The project site involves 4.83 acres located at 222 Kansas Street that is currently vacant. The property was previously occupied by International Rectifier Corporation. The project involves a request to adopt a Specific Plan for the subject property to allow construction of a 45,152 square-foot facility operated by the United States Department of Agriculture (USDA) used for Animal and Plant Health Inspection Services ("APHIS"), and 2 two-story office buildings (17,051 square feet and 12,655 square feet), totaling 31,000 square feet in floor area. An existing vehicle parking and storage facility for the Jim and Jack's auto-repair business would remain on one of the parcels within the Specific Plan area. The proposed project would adopt a General Plan Amendment to change the General Plan Map and land use classification of the subject property from Smoky Hollow Specific Plan to 222 Kansas Street Specific Plan, adopt the 222 Kansas Specific Plan with a site plan, re-zone the property from the Medium Manufacturing (MM) Zone to 222 Kansas Street Specific Plan and thus modify the allowable uses, subdivide the property from two parcels into five parcels and 20 condominium units and adopt a Development Agreement.

Environmental Review

The City of El Segundo (City) prepared a Draft Addendum to the previously approved Mitigated Negative Declaration (MND) for the Segundo Business Park. The MND analyzed the effects of an Environmental Assessment (EA-788), a Smoky Hollow Site Plan Review (SHSPR 07-04) to allow construction of five one and two-story buildings totaling 88,249 square feet and a Subdivision (SUB 08-01) to divide five buildings into 55 condominium air space units. The buildings were to be used primarily for light industrial uses, offices and restaurants ("Original Project"). The Original Project and the MND were approved by the City of El Segundo Planning Commission on February 26, 2009 (Resolution No. 2651).

The addendum was prepared pursuant to 14 Code of California Regulations § 15164(a). The purpose of the addendum is to provide substantial evidence in the record to support the determination of the decision making body of the lead agency that none of these conditions has occurred as a result of the proposed changes in the 222 Kansas Street Specific Plan Project.

ACTION: Planning Commission adopted Resolution No. 2721. Approved (4-0).
