## Help Wanted in Identifying Vehicle Involved in Vehicle Burglaries

(Mattel surveillance photo's taken on September 3, 2010)

On 09/03/10 at approximately 1200 hours, a white Jeep Cherokee with a red rear bumper (no license plates) entered the Mattel parking structure located at 333 N. Continental Blvd. in the City of El Segundo. The suspect parked in a stall next to a 2010 Cadillac Escalade. The suspect then backed out of the stall and drove out of view of the surveillance camera. A few minutes later the parking structure's video surveillance camera was disabled. The on duty security guard responded to the area and observed an unknown male adult with dark hair (NFD) standing next to the Jeep Cherokee, which was parked by the disabled camera. Upon seeing the security guard, the suspect quickly jumped into the driver's seat of the Jeep Cherokee and drove out of the parking structure.

If you see or can identify the above vehicle please contact Det. Armando Rodriguez at 310-524-2258, reference DR# 10-3347.
