On Tuesday, October 12, 2010, an El Segundo motorcycle officer was flagged down in the 700 block of N. Sepulveda Boulevard by a Good Samaritan who had just witnessed a robbery/purse snatch. The victim, who was walking northbound Sepulveda Boulevard in front of the Mobile Mart was confronted by McDaniel who grabbed the strap of her purse and forcibly removed it from her shoulder along with a set of keys she was holding in her hand. McDaniel fled on foot to an awaiting green Ford Mustang that was occupied by three other suspects.

The officer, who was riding by seconds after the robbery, was flagged down by the witness and given a description of the suspects and getaway car along with their direction of travel. The officer quickly located the car in the 1800 block of E. El Segundo Boulevard and with additional assistance from responding patrol units conducted a traffic stop on the car. Property from the victim was located inside the car and several of the suspects were positively identified by the witness.

Arrested for robbery and conspiracy to commit robbery was Inglewood resident Treykia Jackson, 19; Los Angeles resident Jonathan McDaniel, 21; Inglewood juvenile resident, 17; and Los Angeles juvenile resident, 16.

Through investigative efforts, detectives learned that a similar attempted strong arm robbery occurred in the City of Manhattan Beach on the same date at approximately 2:45 p.m. During that crime, the four suspects followed a man from the Radio Shack store located at 1906 N. Sepulveda Boulevard to the new Walgreen's store located at 2400 N. Sepulveda Boulevard. As the man was walking in front of the store, McDaniel approached him and attempted to take his cell phone. The man fought back causing McDaniel to flee and jump back into the getaway car. The suspects then drove to El Segundo where they committed the robbery and were arrested. At this time, El Segundo Police are looking to identify the Manhattan Beach victim or any witnesses to assist them with this case.
