

FOR CITY CLERK OF EL SEGUNDO

TRACY SHERRILL WEAVER

Age: 48

Occupation: Community Volunteer

As a 48-year resident of El Segundo, I decided to run for City Clerk because of my love for this city and strong desire to uphold the traditions and integrity that are a part of this tight-knit community. My family has deep roots in El Segundo; I am a third-generation resident raising the fourth generation. It is my wish to have my three children and their future families enjoy the same traditions and opportunities afforded me by this community.

As a nonpolitical working office, I believe this position requires a dedicated and unbiased officer who is willing to perform numerous duties and ensure compliance with all state and local legal requirements. My experience and qualifications will serve me well in upholding equitable elections and the safeguarding of El Segundo's official records.

I earned a Bachelor's degree from CSULB and have professional experience in the banking industry as a branch manager. I have held various executive board positions for both civic and nonprofit organizations, as well as chaired fundraising events. Having strong attention to detail and a regard for historical information make me an ideal candidate for City Clerk. It's important to vote—I hope I can count on yours.
